SUMMARY

I am a motivated Bachelor of Engineering student specializing in Electronics and Telecommunications. I possess strong programming and problem-solving skills and a deep eagerness to learn. I seek opportunities that allow me to apply my technical skills effectively and grow within the technology and engineering sectors.

EDUCATION

Bachelor of Engineering
University of Pune
📅 08/2023 - 05/2027   📍 Pune, India

Higher Secondary School Certificate
Shri Shanti Niketan English Junior College
📅 06/2021 - 05/2023   📍 Latur, India

Secondary School Certificate
Podar International School
📅 06/2016 - 05/2021   📍 Latur, India

LANGUAGES

English
Proficient   ●●●●○

KEY ACHIEVEMENTS

💎 **Data Analysis Mastery**
Achieved 99% accuracy in predictive data analysis using Python and data science techniques.

💎 **System Improvement**
Reduced library management system errors by 30% through enhanced coding practices.

💎 **Pollution Monitoring Leader**
Led a team of 5 to develop real-time pollution monitoring system with 95% data accuracy.

💎 **E-Waste Initiative**
Increased recycling efficiency by 25% with innovative e-waste management tactics.

SKILLS

CSS   Data Science   Git   HTML

Matlab   Python

PROJECTS

E-Waste Recycling, Library Management System, Water Pollution Monitoring
📅 01/2023 - 01/1970

Various projects showcasing technical skills in programming and system design.

- Developed a system to manage and recycle electronic waste, reducing environmental impact.
- Designed a system for library management, with features such as book checkout, returns, and inventory tracking.
- Working on a system to monitor water pollution levels in real time using sensors.
